Experience and Training

A dynamic and vibrant speaker, internationally recognized psychic medium Kathleen Tucci, has assisted countless individuals in reconnecting them with loved ones who are crossed over. Contacting those in the spirit realm through private consultation, lectures, workshops, and group readings, she uses her gifts of clairaudience and clairvoyance to pass on detailed messages of healing and inspiration to others. Several years ago a profound experience led Kathleen to search for answers in her own spirituality after many years of receiving visions and clairaudient messages. Since that experience she has dedicated her life to the personal growth and spiritual development of others. She founded the Column Center in Frisco, Texas, a metaphysical education resource center focusing on development of the higher consciousness and enlightening of the mind, body and spirit where she and other practitioners host workshops and development classes. On radio station KLLI 105.3FM in Dallas she is the Resident Psychic on the “Dan and Tasos Show” where she answers questions about the spiritual realm and performs live on-air readings for listeners. She also hosts a weekly 2-hour gallery open to the public, where she brings through loved ones crossed over to audience members live and is currently filming a television pilot “The Psychic Gallery with Kathleen Tucci.”
